

We are making improvements

Bus access to the domestic terminal is changing

We are expanding the capacity for commercial traffic to move through the domestic forecourt

There will be increased public transport options with bigger bus pick-up areas

From Dec 4 there will be a new route on the roads leading to the domestic forecourt for buses (please see map on the reverse of this flyer)

The new commercial transport access from Laurence Stevens Drive will include a bus layover for easy access to the forecourt

For more information visit aucklandairport.co.nz/planyourjourney

Bus route to domestic terminal
